

**US Army Corps
of Engineers®**
Philadelphia District

PROJECT FACT SHEET
**RUNOFF BROOK AND COLD BROOK
STREAM RESTORATION, PORT JERVIS, NY**

March 2005

CONGRESSIONAL INFO: Sen. Clinton (NY), Sen. Schumer (NY), Rep. Kelly (NY-19)

AUTHORITY: Section 206 of the Water Resources Development Act of 1996 as amended.

LOCATION: The study area is located in the City of Port Jervis in Orange County.

STUDY/PROJECT DESCRIPTION: The City of Port Jervis has requested Corps of Engineers assistance in restoring the two urban streams, which are culverted and channelized to eliminate flooding and storm water problems.

STUDY/PROJECT STATUS: The study area was investigated and an initial evaluation completed. A Preliminary Restoration Plan (PRP) is in the process of being developed which proposes restoration at a cost of less than \$1million, which will significantly improve the aquatic environment by stream and riparian restoration. The PRP will need to be reviewed by Higher Authority and if approved, a \$150,000 Planning and Design Phase will be undertaken in FY2006 that will develop a detailed plan, prepare and coordinate an environmental assessment, and prepare plans & specifications.

ENVIRONMENTAL STATUS: An environmental assessment will need to be prepared.

SPONSOR: City of Port Jervis

CRITICAL ISSUES: None
